

Subject : Suicide Note

To,

All and Everyone,

I, Supriyo Majumdar, S/o Sri Aloke Majumdar, permanent resident of 59 Anantpur, Keshab Shree, 4th Street, Po- Doranda, Ranchi - 834002, Jharkhand.

I joined Bank of India, Ramgarh Centre Branch on 11-Aug-2015 as a Probationary Officer. During my initial Probation (Training) period, I was allotted duties in Credit (Loan) Section of the Branch. I was always an upright, honest and an officer of high integrity. However, then then Credit Manager (Bongra Kumar Singh), then functioning as Credit Head in the capacity of Sr Manager - Credit and then Branch Head (Prafulla Kumar Behera), then functioning as chief Manager misused their official position and indulged in large scale financing of Tankers. Despite my objections, I was instructed to process loans and conduct pre-sanction inspection and few post sanction inspection of Tankers. This was in full violation of extant rules and guidelines of the Bank, which I was not aware of due to my inexperience and the concerned circular was withheld by the above 2 Authorities. Due to lack of officers, I just obeyed my seniors and acting in good faith diligently performed all duties allotted to me. No alarming irregularities were observed in financing at the Branch by Concurrent Auditors/Internal Auditors whatsoever. All due process was followed in sanctioning of the loans. However, it later transpired that fraud has been committed by one Sanjay Shah, his brother Mukesh Shah, Ravipant Prasad and Bongra Kr Singh (then Sr Manager - Credit).

Supriyo Majumdar

four persons in connivance with each other and with mala fide intention cheated the bank and indulged in Criminal Conspiracy. I was completely innocent in the whole matter and presented all the facts before CBI, Ranchi where two FIRs were lodged in the year 2018. They conducted very thorough and professional investigation and based on my facts and submission of relevant documents accepted my plea of innocence. They provided 'charchit' to me and listed me as witness in both the FIRs.

However, one Mr. Anil Mathur being a borrower in the case, filed a mischievous, misleading and false FIR that bank did not provide him the loan for 2 tankers that he applied for and completed all documents. It is on record that he withdrew money disbursed by bank for registration and submitted self attested copy of 2RC book at branch for both the tankers. In spite of my innocence, I was served a notice almost 5 years after FIR No- 361/2018 lodged at Ramgarh P.S. I appeared on the date mentioned on the notice and presented my version, complete with all facts and figures and pleaded my innocence citing the fact that CBI, Ranchi is already investigating the matter and present investigation on the same case parallelly by Ramgarh P.S. is not justified in light of various High Court and Supreme Court judgments.

However, I got the impression that in spite of my innocence, I am being falsely implicated in this case by Ramgarh Police. This has caused me severe mental stress and trauma to the extent that I believe under the present circumstances, I can no longer lead a healthy, normal life with my family and loved ones. I do not have the mental strength.

Singh

a resources to fight ^{suicide} with Rangash police. All my efforts seem to go in vain. Completely shattered, disheartened and as a broken man, I write this letter as a final correspondence to all those who matter, so that they can take fair action and judgement. To summarise, (1) Bonga Kumar Singh (then Senior Manager - Credit), (2) Prafulla Kumar Bchera (then Chief Manager and Branch Head) and (3) Rangash police are solely responsible for the extreme measure I am taking in ending my life.

My final words to my most loving, adorable and dear family. Forgive me if you can, but I decided this is the best decision I could arrive at under the present circumstances. Don't believe that my suicide is an act of weakness as it required great strength & mental confusion to end my life. May god give you strength to bear the pain, overcome the grief and move on with your lives.

I also thank all my well wishers, that you tried your very best to help an innocent, honest and upright person like me. I shall never be able to repay your debts. Take care of my family as much as possible.

To my dearest wife: I cannot express how I feel when I address you. If possible please forgive me. When I married you, I never dreamt in my wildest of dream that I will face this day. Believe me, I am and was completely innocent in the whole case. It is just bad destiny that I am having to end my life. Some day, you will realise I had no other options. Overcome the grief and sorrow and start a new life. Forget the past and take care of your ma, Baba and brother. I love you from the bottom of my heart always and forever.

Shafiqur

ut you are free to decide your life decisions in future and please pursue your career ambitions. You are still very young and my blessings are always with you. Thank you for your love, care and affection. GOODBYE!!

To My Dearest Baba: I ~~cannot~~ cannot repay the debt of your love, affection & help you gave me in good times and bad, even if I take 7 births. It is myself who should have taken care of you in your age, however the circumstances have forced me to take this decision. I hope you will understand me and forgive me. Don't burden yourself with grief and sorrow. As you always said, we have to accept our destiny no matter how good or bad. Take care of yourself and Nampi. Continue your love and blessings for sneha and let her decide her future. Stay close to all near and dear family members. I am sure they will take better care of you and the whole family, than it would have been possible for me in the present situation. GOODBYE!!

To My Dearest Sister: You shall always stay the most loving, adorable, helpful little sister I grew up with. I always, always and always cared for you and wished you make or take the right decisions. Forgive me and be strong. Take care of your health. Take care of Baba and support and motivate sneha to pursue her life and career ambitions. It is very joyous and happy time for me to have seen you pursuing your area of interest i.e. astrology. Keep growing your practice and interest in the subject and my blessings are always with you. Take care of Baba, yourself and stay close to all well-wishers and family members. GOODBYE!!

Sanjundas

My biggest regret ever is that in this hour of distress and mental trauma, I received no help or assistance from my bank (Bank of India), an institution I served with full honesty, integrity, passion and dedication through the years since the day I joined duties. I hope the bank management reads this letter and ensure no other staff who are innocent end up fighting a lonely battle despite giving their all to the bank. Regret your actions and take remedial measures. Forget me as an insignificant being, who deserved no support from you inspite of my honesty, integrity and loyalty.

Lastly, sorry to everyone for taking up so much time and space. However, since my childhood it was always my wish to pen my biography some day. Since my life has now come to an abrupt end, I took the liberty to enlarge the scope of this suicide letter and fit in a tribute to everyone who mattered in my life.

To, an enlightened mind, you will realise that I am not a weak person by any means who lost my mind. My mind is still free and full of ideas but it is a hopeless pursuit of justice against a broken, ruthless, ~~is~~ insensitive and unfair system, that our country has allowed to flourish. There exists very little or no hope of free and fair conduct from State Police Authorities.

I have left, 2 ^{exact} copies of this letter - one for future investigation and one strictly for my family members. It is my last wish that they be handed over their copy. Do not harass my family members in future in the name of investigation & show at least this much humanity that I never received from the state despite my innocence.
